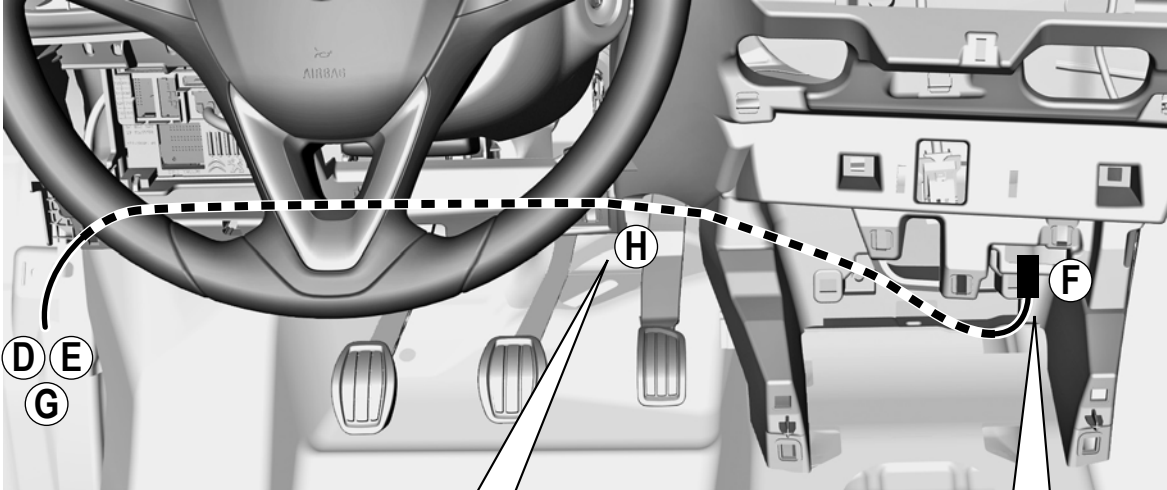

Diagram illustrating the installation of the PPB 16V GY component. The component is shown being installed into the vehicle's interior, specifically near the airbag. A dashed line indicates the path of the component from the airbag area to the PPB 16V GY component. Labels D, E, G, H, and F are used to identify specific parts and components.

Close-up view of the PPB 16V GY component being installed into the vehicle's interior. The component is shown being inserted into a slot. A label H points to the component.

Close-up view of the PPB 16V GY component being installed into the vehicle's interior. The component is shown being inserted into a slot. A label F points to the component.
